Universal RJ Crimp Tool and Tool Kit

All the tools you need for accurate LAN or Coax connections.

Key Features

- ▶ Make your own RJ connections.
- ▶ RJ-11, RJ-22, RJ-45, and 10-position dies included in RJ Tool Kit.

Technically Speaking

No matter if you're a beginner or a professional, you'll find one of these Tool Kits exactly right for making the quick and precise connections you need.

Universal RJ Crimp Tool
This Tool is used to terminate RJ-45 8-position, and RJ-11 6-position connections. Or you can use the optional dies to terminate other connections. If you order the Crimp Tool, you get: a Crimp tool frame, RJ-45 die set, RJ-11 6-wire die set, and a storage pouch.

Universal RJ Tool Kit
This Kit contains a steel frame with a built-in cutter and stripper for flat or round cables, RJ-11 4- or 6-wire die, RJ-45 8-wire die, RJ Line 10-wire die, RJ-22 4-wire die for handset plugs, and a storage container.

And you can choose from five other Replacement Die Sets to complete your Tool kit.
